PLY & HARDWARE PLANET

Plywood, Doors, Mica And All Type Of Hardware Goods

What is HDHMR board?

HDHMR stands for High Density High Moisture Resistance. It is basically an upgraded term of plywood, used to develop tough and robust wooden usage. Explaining the definition, HDHMR board is made by combining fiber chips, forest wood waste through a homogeneously construction process.

What is PU Paint?

Polyurethane paint, also referred to as PU paint or PU coating, is a durable, highly-resistant coating used in industrial and architectural coating systems. It is popular in the marine industry and is used for numerous applications including coatings, rigid and flexible foams, and varnishes.

OUR PRODUCT ADVANTAGES

ready to
